

In order to communicate with Unity families more effectively, we are now offering a text messaging service to notify parents of inclement weather for canceled or delayed sports events, school closings, and school delays.

Your information is confidential will be used for school purposes only. This is a free program; however standard text and data rates apply with your carrier(s).

In order to receive text or email alerts when Unity is closed, opening late or closing early, you must follow the steps below:

Below there are two steps to sign up. If you choose to receive both email and text use both options. If you are only interested in one option only complete the option that suits your need.

Option 1: Go online to www.rainedout.com

Type 'Unity' in the Search Term box and select 'Christianity' in the Category drop down menu. Then click search and you should see Unity.

Click on Unity and go through the Step1, you will then receive an email or text validation code. Enter that code in step 2.

Option 2: If you want to be added via smart phone:

Text UNITYSCHOOL to **84483** to receive alerts from **Unity**.

In the future, we will set up additional accounts for sporting teams, etc. As these are created, you will be offered to join these accounts as well.

If you wish to stop receiving these messages, please text stop to 84483
